CONCORD

KLH's Concord floorstanding speaker, named after Concord Avenue in Boston, is anything but middle-of-the-road when it comes to performance output. The Concord has all the qualities of many high-performance floorstanding speakers out there but at the most affordable price. Music lovers and movie lovers alike rave over the articulate, burly bass this 2.5-way bass-reflex design delivers in beautiful sonic detail. Internally braced with 3/4" MDF, the Concord can efficiently play deep bass that typically only comes from subwoofers. It is outstanding how effortlessly these stunning, floorstanding tower speakers use cinematic dynamics to

bring thrilling and immersive sound within everyone's reach. The Concord features woven Kevlar drivers, braided tinsel leads, custom-designed crossovers, an anodized aluminum tweeter with a linear response faceplate, and comes in two finishes: European Walnut and Black Oak. It is truly a rare combination of beauty and brawn. The Concord lives up to the audiophile standards of KLH- at an unbeatable price point. Give these exceptional speakers a listen for yourself. They will not disappoint!

FARADAY SERIES F-6600-AW OUTDOOR SPEAKERS

Summer is just around the corner! Now is the perfect time to gear up for backyard get-togethers with KLH Faraday outdoor speakers. Our custom install Faraday Series F-6600-AW speakers provide the high-performance, clear and concise sound that you expect from your KLH indoor speakers. The Faraday durable, all-weather speakers will bring your music to life while you grill out, dip in the pool, or tend to your garden. They look great with your outdoor space and sound even better. The placement versatility and the micro-perf grille of the Faradays give the speakers a flawless appearance that seamlessly integrates with any open deck or patio. With a lifetime warranty, these speakers will permanently enhance the quality of your outdoor activities no matter the weather condition. It's time to bring back your rockin' barbecues this summer with some new KLH outdoor speakers!
